

std::length\_error

```
graph BT; A[gnuplotio::plotting_empty_container] --> B[std::length_error]
```

A diagram showing a relationship between two C++ identifiers. At the bottom is a gray rectangular box with a black border containing the text 'gnuplotio::plotting\_empty\_container'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box with a gray border at the top. The top box contains the text 'std::length\_error'.

gnuplotio::plotting  
\_empty\_container
